TO SAFETY**

Child & Club Safety Handbook

**BOARD APPROVAL:
APRIL 8, 2026**

Safety is Our Number One Priority

At **The Boys and Girls Club of Central Carolina**, there is nothing more important than the safety of our youth members. We work every day to create a safe, fun environment, so kids can have every opportunity to be successful in life.

We do not tolerate inappropriate behavior of any kind, including child sexual abuse or misconduct. From strict adherence to policies and guidelines within Club facilities and staffing structure, to equipping young people with the critical thinking and social-emotional skills to make healthy, safe choices, ensuring Club members are safe is the first step to their success.

This handbook is reviewed and revised annually or as needed by our Safety Committee and Board of Directors.

MEMBERSHIP

The Boys and Girls Clubs of Central Carolina are open to membership to young people ages 4 – 18. A birth certificate may be requested during enrollment for age verification. Memberships expire on the 19th birthday. However, if a young person turns 19 during the school year, their membership expires at the end of the school year. If a young person ages out of the Club and wants to stay involved, they may become a registered volunteer or seek employment with Boys & Girls Clubs of Central Carolina.

YOUTH VISITORS

The Boys and Girls Clubs of Central Carolina does not allow youth to participate in the Club without a membership form signed by a parent/guardian on file at the Club. Youth may attend as a visitor for one day in the Club. In order to return, they will need to bring in a signed membership form.

To further ensure their safety, the organization prohibits all one-on-one interactions between Club members and staff and volunteers (including board members). All staff and volunteers must abide by the following:

- Ensure all meetings and communications between members and staff or volunteers are never private (see definition below).
- Ensure in-person meetings take place in areas where other staff and/or members are present.
- Communicate to another staff member whenever an emergency arises that necessitates an exception to this policy.
- Never initiate private or isolated one-on-one contact with a member.
- Never have a private or isolated meeting or communication with a member. This includes in-person meetings and virtual communications such as texting, video chat and social media between only a staff member or volunteer and a single member.
- Never transport one Club member at a time. This includes transportation in Club or leased vehicles.

Exceptions may only be made when delivering medical or counseling services by a licensed, trained therapist or similar professional. All exceptions shall be documented and provided to Club leadership in advance.

If an emergency arises that necessitates an exception to this policy, the emergency exception shall be communicated to Club leadership as soon as practicable, and ideally before engaging in one-on-one interaction.

ONE-ON-ONE INTERACTION POLICY GUIDANCE

The following guidance should be used when implementing related policies and procedures.

Definition of one-on-one interaction

One-on-one interaction is defined as any private contact or communication (including electronic communication) between any Club participant and an adult, including adult staff, minor staff, volunteers, board members and others who might encounter members during regular programming and activities.

- **Private** contact/communication is any communication, in person or virtual, that is between one youth member and one adult (18 or over) that takes place in a secluded area, is not in plain sight and/or is done without the knowledge of others. Private places can include but are not limited to vehicles, rooms without visibility to others, private homes, and hotel rooms. Examples of private contact include but are not limited to:
 - Meeting behind closed doors (in rooms without windows or visible sightlines) or any spaces that are not visible to others.
 - One staff member transporting one member in a vehicle.
 - Electronic communications (text, video, social media, etc.) between one member and one staff member or volunteer.
- **Public contact/communication** is any communication or meeting, in person or virtual, that is between at least three individuals, including two staff and one member, one staff and two members or variations of these combinations. Examples of public contact include but are not limited to:
 - Meeting in plain sight of others (e.g., in a quiet corner of an active games room).
 - Transporting members via public transportation (bus, taxis, train, air, etc.) or transporting multiple members.
 - Electronic communications (text, video, social media, etc.) between multiple members and adults (e.g.,

- group chats).
- Public places can include but are not limited to buses, airports, shopping malls, restaurants, and schools.

Impact on mentoring programs

Mentorship is a key component of Boys & Girls Club programming and has tremendous positive impact on members. Prohibition of one-on-one interaction does not have to negatively affect mentor programs and/or relationship building. Mentors can adjust their practices to include:

- Holding mentor and coaching sessions in areas where other staff and/or members are present or can see you – for example, in large rooms where meetings are visible but not heard.
- Copying parents, staff, or other members (when appropriate) on written and/or electronic communications.
- Scheduling meetings during Club hours and at the Club site.
- Documenting interactions between mentors and youth.

Impact on partnerships with local mentoring organizations

- All local mentors are required to abide by Club policies, including background check requirements and prohibition of one-on-one interaction.
- External mentors are required to abide by all Club safety policies and procedures.
- A written agreement should be in place to determine how and when the external organization assumes custody and responsibility of the member; these procedures should be clearly communicated to parents or guardians.
- Every interaction between mentor and youth will be documented and maintained

Impact on travelling to off-site events and activities

- When travelling to external events such as Keystone, Youth of the Year or other off-site events, the one-on-one policy shall continue to be followed.
- Should the Club take responsibility for transporting members to and/or from an event, one staff member should not transport one single child at any time in a vehicle. Accommodations shall be made to ensure at least three people (two staff and one member or one staff and two members) are together when traveling. As an alternative, public transportation may be used (e.g., taxi, Uber, public transport).
- If this arrangement presents staffing or budget challenges, consider the following:
 - Inviting parents or guardians to attend and/or chaperone their child.
 - Including additional youth (e.g., Junior Youth of the Year) and/or staff in travel plans.
 - Coordinating with other Clubhouses or nearby organizations to travel together.
 - Travelling with additional staff or members.
- Parents and guardians should also provide written consent in each instance in which a member travels to any off-site event. NOTE: Parents or guardians are never allowed to provide consent for one-on-one interaction.
- Similar practices should be in place when coordinating field trips.

Impact on transportation to and from the Club

- When transporting members to and/or from a Club-sponsored event or activity, single members should not be transported alone with one staff person.
- Consider the following to accommodate single children:
 - Modify bus or van routes so single children are not picked up first or dropped off last.
 - Use a bus aide if available.

- Pick up and drop off children in groups.
- Modify staff schedules to ensure multiple staff are present.

Exceptions to policy

Exceptions to the one-on-one policy can be made under the following circumstances:

- When delivering medical or counseling services by a licensed, trained therapist or similar professional (e.g., counselors, social workers).
- When the emotional or physical safety of a member is at risk and private, one-on-one communication is deemed necessary by Club leadership.
- In emergency situations that could create a safety risk, exceptions can be made (e.g., if a member is not picked up by a parent and leaving them alone at the Club could be a safety risk).

Should exceptions need to be made, the Club shall have policies in place to monitor interactions, including but not limited to:

- Disclosing the meeting to Club leadership (e.g., CEO or Unit Director) and regularly checking in with the member and adult during conversations.
- Placing time limits on conversations.
- Meeting in rooms with clear sight lines (e.g., rooms with windows or glass doors).
- Documenting the interaction and providing a copy of documentation to supervisor by end of day.
- In an emergency, disclosing the situation to another staff member before engaging in one-on-one interaction.

Supervision and Facilities Policy

SUPERVISION

The Boys and Girls Clubs of Central Carolina is committed to providing a safe environment. All Club activities and program spaces shall always be under continuous supervision by sight or sound (for restroom supervision) by an appropriate adult staff (18 or over). To ensure appropriate supervision, staff and volunteers:

- Must abide by the prohibition of private one-on-one interaction policy.
- Must abide by all the organization's disciplinary policies and procedures.
- Must ensure that at least one adult staff (18 and over) is present when supervising members.
- Must always maintain proper supervision ratios.
- Must be trained on appropriate supervision tactics and behavior patterns.

Ratios are based on the organization's experience, standards set by Club leadership, and local agencies or authorities' standards. Required ratios are below:

<u>Type</u>	<u>Staff</u>	<u>Youth</u>
<u>Club-based activities</u>	1	20
<u>Field trip (12 years old and younger)</u>	2	10
Field trip (13 years old and older)	2	15
<u>Field trip (aquatic, theme parks, all ages)</u>	2	10
<u>Overnight</u>	2	6

RESTROOM USAGE

The Boys and Girls Club of Central Carolina is committed to providing a safe, clean environment and enforces the following restroom policy for members, staff, volunteers, and other adults.

- There will be either a designated adult restroom or procedures to ensure adults and minors never utilize a restroom at the same time.
- Club will either have single-user restrooms or multi-user restrooms with single stalls that can be secured from the inside.
- When using restrooms at public facilities during field trips, a minimum of three youth will be escorted by one staff member, who will wait outside the main entrance of the restroom.

RESTROOM MONITORING

Restrooms shall be regularly monitored by designated staff according to a schedule set by Club leadership. Monitoring includes walk-throughs, inspections and/or any (but not necessarily all) of the best practices outlined below:

- Implementing procedures to limit the number of children using restrooms at the same time.
- Prohibiting younger children and teens from sharing a restroom.
- Prohibiting staff or adults from sharing a restroom with youth and/or teens at the same time.
- Positioning staff near restroom entries to maintain auditory supervision of space.
- Designing or renovating multi-user restrooms to eliminate outer doors, while maintaining privacy with individual stalls.

Staff observing unacceptable restroom conditions or incidents shall:

- Immediately notify Club leadership of the incident.
- Document, in writing, restroom conduct incidents and report them to Club leadership as soon as possible in compliance with the Club's Incident Reporting Policy.

SHARED-USE RESTROOMS

- On a field trip or when using a public restroom, youth shall never enter the restroom alone unless it is a single-stall restroom that is empty.
- Youth shall follow the “rule of three” in using public restrooms on field trips, with at least three youth and an adult walking to the restrooms and three youth entering a multi-stall facility together. The adult will remain outside the restroom door to provide auditory surveillance.
- Whenever possible, staff/volunteers will monitor and clear public restrooms before use by members to ensure that the facility is free of adults – and clear of youth not involved in the Club program – before allowing youth to use the facilities. Alternatively, staff members will stand in the restroom doorway and/or hold the door at least partially open when supervising member use of public restrooms. Staff may position themselves inside the restroom near the sinks if positioning at the door is not feasible or is deemed ineffective.
- In a shared-use facility, Boys & Girls Clubs will utilize the best practice of shutting the exterior door to the restroom and using an “Occupied” or similar-type of sign or a physical barrier outside of the door to alert others that they must wait until Club members have exited the restroom before they can enter. In shared-use facilities where this is not possible, staff will send three youth at a time and provide monitoring.

SAFE PASSAGE

For all children's safety, members are not permitted to come and go from the Club as they wish. Once youth leave for the day, they may not return until the next day. Please review this policy with your child(ren).

- Members must check into and out of the facility with their Club each day.
- Members under the age of 12 must be retrieved from the Club by a parent, guardian, or other authorized adult. In the case of a parent with a disability, staff will make accommodations to safely bring the Club members out to the adult picking up the members.
- Members age 12 or older may leave the Club unescorted with written permission from a parent or guardian and signed release of liability.
- Members 12 and older may also escort other members of their household from the Club (with written

permission).

- No member, regardless of age, will be allowed to return to the Club once they leave the premises for the day. Exceptions may be made in the case of doctor appointments where parent or guardian picks up and returns child(ren) to the Club. The Club's Service Director/Site Coordinator must approve in advance.
- Members that leave unescorted without written permission will face disciplinary actions up to and including suspension and termination of membership.

- Club members will share rooms with those of a similar gender,
- Teen members are prohibited from sharing rooms with youth members.
- When multiple Club members are participating in an overnight field trip a minimum of three Club members will share a room, when possible.

ENTRANCE AND EXIT CONTROL

All facility entries and exits shall be controlled and monitored by paid adult staff (18 or over) during all hours of operation, along with a system to monitor and track everyone who is in the facility.

All exit doors shall have an audible alarm to discourage unauthorized use of exiting or enter the facility.

All interior and exterior spaces, hallways, stairs, and stairways shall be monitored, maintained, well-lit, clean, and free of hazards and obstructions. All storage closets and other unused spaces are to be locked during operational hours.

Damages to facilities shall be handled in a reasonable manner. Damage that poses imminent risk to the health and safety of members, staff or volunteers shall be repaired immediately. If immediate repair to damage that poses imminent risk is not possible, Club leadership shall determine whether temporary or permanent closure of the facility may be required. Any damage to a facility that results in an incident deemed critical to the organization shall be reported to the appropriate authorities as a critical incident.

FOOD AND DRINK

Any distribution, preparation, or consumption of food and/or drink at any facility shall comply with all applicable food services sanitation and public health codes. If food is prepared and served on site, required city or county health department inspection certificates shall be posted. Any dangerous kitchen utensils, including knives, shall be properly and securely stored.

HEALTH INFORMATION / MEDICATION

In order to maintain a healthy environment, we will not permit sick children in the Club. If a child becomes ill during programming, a parent, guardian or authorized person will be called to pick the child up. In case of a communicable illness (e.g., ringworm, pink eye, lice, chicken pox), the member will not be able to return until an administrator has received a release note from the doctor. If your child has allergies, asthma, or any other medical need, please provide an emergency plan for staff to follow in order to better assist your child.

It is the policy of The Boys and Girls Clubs of Central Carolina that we do not administer any form of medication.

Emergency Medication

Policy prohibits The Boys and Girls Clubs of Central Carolina to administer prescription or over-the-counter medications of any kind. This includes skin cream, sunscreen, and insect repellent. If your child requires emergency medication, such as an inhaler or EpiPen, you are required to provide the medicine in its original packaging and a medical form, provided by The Boys and Girls Clubs of Central Carolina, must be completed by parent and doctor prior. All emergency medications are locked up at your child's Club. (Medicines that are out-of-date or not in the clearly labeled original container will not be permitted.) Should a situation arise where your child needs emergency medication, Club staff will then allow him or her access to their emergency medication and allow him or her to administer the medication themselves. **Club staff will not administer medication to a child unless your child is unable to physically administer the medication, i.e., a severe asthma attack or anaphylactic shock.**

Parents will be notified immediately when a child needs access to their emergency medication.

New Driver Training & Evaluation Process

This policy pertains to staff members of Boys & Girls Clubs of Central Carolina who have been identified as prospective drivers of Club vehicles which **do not require a Commercial Drivers License (CDL)**. The Boys and Girls Club of Central Carolina conducts reference checks on any candidate for employment or volunteer with direct repetitive contact with young people. Should candidates for employment have previous experience with a Boys & Girls Club, information on the candidate's eligibility for rehire/volunteering must be obtained from all previous Boys & Girls Clubs for which the candidate worked prior to extending an offer for employment or volunteer service. Additionally, The Boys and Girls Clubs of Central Carolina provides reference materials when asked by other Member Organizations.

Drug- and Alcohol-Free Workplace Policy

DRUG AND ALCOHOL POLICY

The Boys and Girls Clubs of Central Carolina is committed to providing a safe environment for members, staff, and volunteers. To further ensure their safety, the organization maintains a drug- and alcohol-free workplace. The unlawful or improper use of drugs – including marijuana, controlled substances, or alcohol in the workplace – presents a danger to everyone. The organization also has a duty to comply with the requirements of the Drug- Free Workplace Act of 1988.

- Employees are prohibited from reporting to work or working while under the influence of alcohol and/or illegal or unauthorized drugs.
- Employees are prohibited from engaging in the unlawful or unauthorized manufacturing, distribution, dispensing, sale or possession of illegal drugs and alcohol in the workplace, including on organization paid time, on organization premises, in organization vehicles or while engaged in organization activities.
- Employees must notify their supervisor and/or Club leadership immediately of any criminal drug or alcohol violation.
- Employment with the organization is conditional upon full compliance with the foregoing drug- and alcohol- free workplace policy. Any violation of this policy might result in disciplinary action, up to and including discharge.

SMOKING POLICY

The Boys and Girls Club of Central Carolina will comply with all applicable federal, state, and local regulations regarding non-smoking in the workplace in order to provide a work environment that promotes productivity and the well-being of its employees. Smoking in the workplace can adversely affect members, employees, and volunteers. Accordingly, smoking is restricted at all its facilities.

Smoking is defined to include the use of any tobacco-containing products, including cigarettes, cigars, and pipes, as well as the use of electronic cigarettes (e-cigarettes) and vaporizers.

Smoking is prohibited at all The Boys and Girls Clubs of Central Carolina properties. The smoking policy applies to employees, volunteers, and members while on Club premises or during Club activities (on or off site).

REASONABLE SUSPICION

Staff and or volunteers shall immediately notify Club leadership of any action by an employee or volunteer who demonstrates an unusual pattern of behavior suggesting that they are under the influence of drugs or alcohol. Club leadership will determine whether the employee should be examined by a physician or clinic and/or tested for drugs or alcohol in accordance with the Club's drug-testing policies. Employees and volunteers believed to be under the influence of drugs or alcohol will be required to leave the premises. Any illegal drugs or drug paraphernalia will be turned over to the appropriate law enforcement agency and may result in criminal prosecution.

Examples of behavior suggesting that employees or volunteers are under the influence of drugs or alcohol include but are not limited to:

- Odors (smell of alcohol, body odor or urine);
- Movements (unsteady, fidgety, dizzy);
- Eyes (dilated, constricted or watery eyes or involuntary eye movements);
- Face (flushed, sweating, confused or blank look);
- Speech (slurred, slow, distracted mid-thought, inability to verbalize thoughts);

- Emotions (argumentative, agitated, irritable, drowsy);
- Actions (yawning, twitching); or
- Inactions (sleeping, unconscious, no reaction to questions).
- Unusual patterns of behavior that may suggest drug or alcohol misuse include but are not limited to:
- Repeatedly calling in sick;
- Being absent directly before or after holidays and weekends;
- Being involved in frequent accidents that can be related to the use of drugs or other substances.

INSPECTION AND TESTING

The Boys and Girls Club of Central Carolina reserves the right to take any and all appropriate and lawful actions necessary to enforce this drug- and alcohol-free workplace policy, including but not limited to the inspection of organization-issued lockers, desks or other suspected areas of concealment, as well as an employee's personal property when the organization has reasonable suspicion to believe that the employee has violated this drug- and alcohol-free workplace policy (see "Reasonable Suspicion" above).

Screening, testing and security measures may be used as methods of enforcement, as permitted by applicable state law. It is a violation of this policy to refuse to submit to testing. Tests that are paid for by the organization are the property of the organization, and the examination records will be treated as confidential and held in separate medical files. However, records of specific examinations will be made available, if required by law or regulation, to the employee, persons designated and authorized by the employee, public agencies, relevant insurance companies and/or the employee's doctor.

PRESCRIPTION MEDICATION AND LEGAL DRUGS

Employees and volunteers are prohibited from reporting to work or working when using any legal drugs, except when the use is pursuant to a doctor's orders and the doctor has advised the employee or volunteer that the substance does not adversely affect the employee's or volunteer's ability to safely perform his or her duties.

Employees and volunteers taking a legal drug, such as prescription medication, that potentially affects job safety or performance are responsible for notifying their supervisor and/or Club leadership so that a determination of job performance or reasonable accommodation can be made. An employee/volunteer may not be permitted to perform his or her job duties unless such a determination or reasonable accommodation is made.

Technology Acceptable Use Policy

The Boys and Girls Clubs of Central Carolina is committed to providing a safe use of technology and online safety for members, staff, and volunteers. The acceptable use policy provides the framework for those safety practices and procedures.

CLUB MEMBER USAGE

Before a member is allowed to use Club technology equipment or their personal device, both the member and his/her parent/guardian will need to read and sign the Technology Acceptable Use policy and return it to the Club. Under the Technology Acceptable Use Policy, the following relevant principles shall apply:

Club devices shall include all Club-owned existing and/or emerging technologies and devices that can take photographs, play, and record audio or video, input text, upload and download content and/or media and transmit or receive messages or images.

Personally owned devices shall include any and all member-owned existing and/or emerging technologies and devices that can take photographs, play and record audio or video, input text, upload and download content and/or media and transmit or receive messages or images.

Club purposes shall include program activities, career development, communication with experts and/or Club peer members, homework, and Club activities. Members are expected to act responsibly and thoughtfully when using technology resources. Members bear the burden of responsibility to inquire with staff when they are unsure of the permissibility of a particular use of technology prior to engaging in its use.

Authorized use: Club devices and personally owned devices are permitted for use during approved Club times for Club purposes and in approved locations only. The Club expressly prohibits the use of Club devices or personally owned devices in locker rooms, restrooms, and other areas where there is an expectation of privacy.

Appropriate use: Members may not use any technology to harass, threaten, demean, humiliate, intimidate, embarrass, or annoy their peers or others in their community. Any inappropriate use of a Club or personally owned device, as determined by Club staff, can lead to disciplinary action including but not limited to confiscation of the device, immediate suspension from the Club, termination of membership or other disciplinary actions determined to be appropriate to the Club's existing disciplinary policies including, if applicable, referral to local law enforcement.

Members must be aware of the appropriateness of communications when using Club or personally owned devices. Inappropriate communication is prohibited in any public or private messages, as well as material posted online. Inappropriate communication includes but is not limited to the following:

- Obscene, profane, lewd, vulgar, rude, inflammatory, threatening, or disrespectful language or images typed, posted, or spoken by members;
- Information that could cause damage to an individual or the Club community or create the danger of disruption of the Club environment;
- Personal attacks, including prejudicial or discriminatory attacks;
- Harassment (persistently acting in a manner that distresses or annoys another person) or stalking of others;
- Knowingly or recklessly posting false or defamatory information about a person or organization; or
- Communication that promotes the destruction of property, including the acquisition or creation of weapons or other destructive devices.

If a member is told to stop sending communications, that member must cease the activity immediately. Club leadership may request to inspect a member's personally owned device. Parents/guardians will be notified before such an inspection takes place and may be present, at their choice, during the inspection.

Parents/guardians may refuse to allow such inspections, but the member may be barred from bringing

personally owned devices to the Club in the future.

Cyberbullying: Members may not utilize any technology to harass, threaten, demean, humiliate, intimidate, embarrass, or annoy their peers or others in their community. This behavior is cyberbullying, which is defined as bullying that takes place using emerging technologies and devices. Any cyberbullying that is determined to disrupt the safety and/or well-being of the Club, Club members, Club staff or community is subject to disciplinary action.

Examples of cyberbullying include, but are not limited to:

- Harassing, threatening or hurtful text messages, emails, or comments on social media.
- Rumors sent by email or posted on social networking sites.
- Embarrassing pictures, videos, websites, or fake profiles.

Members may not attempt to gain unauthorized access to the Club's network, or to any other computer system through the Club's network. This includes attempting to log in through another person's account or accessing another person's files. Members may not use the Club's network to engage in any illegal act, including, but not limited to, arranging for the purchase or sale of alcohol, tobacco, or other drugs; engaging in criminal activity; or threatening the safety of another person. Members may not make deliberate attempts to disrupt the computer system or destroy data by spreading computer viruses.

Internet access: Members are instructed to connect personally-owned devices used at the Club to the internet via the Club's content-filtered wireless network and are not to connect directly to the internet through a phone network or other content service provider. The Boys and Girls Club of Central Carolina reserves the right to monitor communication and internet traffic, and to manage, open or close access to specific online websites, portals, networks, or other services. Members must follow Club procedures to access the Club's internet service.

Monitoring and inspection: The Boys and Girls Club of Central Carolina reserves the right to monitor, inspect, copy, and review files stored on Club-owned devices or networks.

Loss and damage: Staff are not responsible for the security and/or condition of the member's personal device. Therefore, the Club shall not be liable for the loss, damage, misuse, or theft of any personally owned device brought to the Club.

Parental notification and responsibility: While the The Boys and Girls Clubs of Central Carolina Technology Acceptable Use Policy restricts the access of inappropriate material, supervision of internet usage might not always be possible. Due to the wide range of material available on the internet, some material might not fit the particular values of members and/or their families. Because of this, it is not considered practical for The Boys and Girls Clubs of Central Carolina to monitor and enforce a wide range of social values in student use of the internet. If parents/guardians do not want members to access information beyond the scope of the Technology Acceptable Use Policy, they should instruct members not to access such materials.

Digital citizenship: Club members shall conduct themselves online in a manner that is aligned with the The Boys and Girls Club of Central Carolina Code of Conduct. The same rules and guidelines members are expected to follow offline (i.e., in the real world) shall also be followed when online. Should a member behave online in a manner that violates the The Boys and Girls Clubs of Central Carolina Code of Conduct, that member shall face the same discipline policy and actions they would if their behavior had happened within the physical Club environment.

Club-owned-and-operated technology: Members are expected to follow the same rules and guidelines when using Club-owned technology. Club technology and systems are the property of the Club, are intended to be used for Club purposes and are to be used during approved times with appropriate supervision. Club members shall never access or use Club technology or systems without prior approval.

Digital citizenship and technology safety training: All members who wish to use a Boys & Girls Clubs device or equipment will be required to successfully complete a BGCA-provided digital citizenship and technology safety training. This training is required for all members annually.

STAFF AND VOLUNTEER USAGE

Before a staff member can use Club technology equipment or a personal device, he/she shall read and sign the Technology Acceptable Use policy and return it to the Club. Under the Technology Acceptable Use policy, the following relevant principles shall apply:

Club devices: Shall include any and all Club-owned existing and/or emerging technologies and devices that can take photographs, play, and record audio or video, input text, upload and download content and/or media and transmit or receive messages or images.

Club Purposes: Shall include but are not limited to the delivery of program activities, accessing sanctioned training or career development opportunities, communication with experts and/or authorized Club staff and for Club purposes or management of other Club activities, such as member check-in or incident reporting. Staff are expected to act responsibly and thoughtfully when using technological resources. Staff bear the burden of responsibility to ask their supervisor when they are not sure of the permissibility of a particular use of technology prior to engaging in that use.

Authorized use: Personally owned devices are permitted for use during approved Club times for Club purposes and in approved locations only. The Club expressly prohibits the use of personally owned devices in locker rooms, restrooms, and other areas where there is an expectation of privacy.

Appropriate use: Staff may not use any technology to harass, threaten, demean, humiliate, intimidate, embarrass, or annoy their peers or others in their community. Any inappropriate use of a personally owned device, as determined by a supervisor, can lead to disciplinary action including but not limited to confiscation of the device, immediate suspension from the Club, termination of employment or volunteer assignment or other disciplinary actions determined to be appropriate to the Club's existing disciplinary policies including, if applicable, referral to local law enforcement.

This also includes overnight events such as Keystone Conferences and Youth of the Year events.

Internet access: Staff and volunteers are instructed to connect personally-owned devices used at the Club to the internet via the Club's content-filtered wireless network and are not to connect directly to the internet through a phone network or other content service provider. Loss and damage: Staff are responsible for always keeping devices with them. Supervisors and the Club at large are not responsible for the security and condition of any staff member's personal device. Furthermore, the Club is not liable for the loss, damage, misuse, or theft of any personally owned device brought to the Club.

Password and access: To prevent unauthorized access, devices must lock themselves and require authentication using the strongest features available on the device. A minimum standard would require a typed password of at least six characters or numbers, though some devices utilize fingerprint or other biometric technologies.

Disallowed apps and/or websites: This organization does not allow staff to access the following apps and/or websites during work hours: social media, online dating, sites that are adult or violent in nature. This is not a comprehensive list and is subject to change.

- Non-Public legal communications.
- Any information on activities, programs, members, employees, etc., including photos should **NOT** be posted on personal social media sites.
- If employees are contacted by a member of the media or by an elected official about their social media postings related to BGCCC, they should contact the Marketing and Communications team for further instructions.

Video Surveillance Policy

USE OF VIDEO SURVEILLANCE

The Boys and Girls Clubs of Central Carolina recognizes that maintaining the safety and security of Club members, staff, volunteers, and Club property is best implemented with a multifaceted approach. Modern technology, including video surveillance, can provide tools to maintain safety and security. While video surveillance does not replace appropriate supervision by Club personnel, it can provide an additional layer of protection.

PLACEMENT AND NOTIFICATION

Video surveillance, with or without audio recording capabilities, may be utilized in and around Club facilities, on Club property, and on Club transportation vehicles. Video surveillance shall be in accordance with all applicable laws pertaining to such use.

Video surveillance equipment **will not be** used or installed in areas where Club Members, staff, and parents/guardians have a reasonable expectation of privacy, such as locker rooms and restrooms.

Video surveillance equipment may always be in operation, whether the Club is operational and whether the facilities or buildings are in use at all. The CEO, or his/her designated representative, will determine the operation schedule of any video surveillance equipment.

Video monitors shall not be in an area that enables public viewing.

The Club shall notify Club members, parents/guardians, staff, and the public that video surveillance systems are present by signs prominently displayed in appropriate locations throughout the facilities and grounds and provide any other notification or consent as required by applicable law.

ACCESS TO VIDEO IMAGES

The use of video surveillance equipment on Club grounds shall be supervised and controlled by the CEO and his/her designated staff members. The actual recording equipment will be maintained in an area or room that is locked and secure to only be accessed by authorized personnel. Live video monitoring may randomly occur as needed.

Video data is recorded and stored digitally. Video recording data is considered confidential and secure. Access to live and video recorded data is **strictly limited** to the following authorized full-time Boys & Girls Club personnel: CEO, Chief Operations Officer, Director of Club Operations, Director of Informational Technology, Director of Facilities & Fleet Services, and Club Site Directors. These authorized personnel are trained on the video surveillance policy and how video data should be used during any official investigation.

Permission may be granted for partners such as school districts, governmental agencies, law enforcement, etc. to access footage should they request it and Boys & Girls Clubs of Central Carolina CEO or Director of Information Technology deem it appropriate to share.

Video recording data may be used as evidence that a Club member, parent/guardian, staff member, volunteer, or other person has engaged in behavior that violates state or local law, policies, and/or Club rules. Video footage is subject to production by a valid subpoena or other court order.

UNAUTHORIZED ACCESS AND/OR DISCLOSURE

Confidentiality and privacy concerns limit the general public, including parents and relatives of Club members, from viewing video recording footage and/or data involving Club members, staff, and volunteers. Only the authorized personnel provided above can view and/or export video recording data. No unauthorized recordings are permitted of video recording data through cell phones, portable devices, or any other means. Any Club

personnel who becomes aware of unauthorized disclosure of video recording data from the Club and/or a potential privacy breach must immediately inform the CEO and/or Director of Information Technology.

Club personnel and volunteers are prohibited from unauthorized use of, tampering with or otherwise interfering with video surveillance equipment. Violations will be subject to disciplinary action that may include, but are not limited to, written reprimand, suspension, demotion, or termination of employment.

Video recording data will remain the property of the The Boys and Girls Clubs of Central Carolina and may be reproduced only in accordance with applicable law and board policy.

RETENTION OF DIGITAL IMAGES

Video recording data shall be kept for approximately 30 days except for appropriate still shots or selected portions of the recorded data relating to any incidents under investigation by authorities. The latter shall be retained for one year after the incident or until such time as any legal matters pertaining to the recordings have been resolved. The stored media shall be kept on a secured computer.

In situations involving banned parents/guardians, former employers or volunteers, or visitors, stored still images may be shared with Club personnel and appropriate officials.

CLUB MEMBER PRIVACY

Video recording data will not be used directly or indirectly to identify the activities of individual Club members except as viewed in relation to a specific event or suspected criminal activity; suspected violation of Club policy or rules; incidents where there is reasonable basis to believe a claim may be made against the Club for civil liability; or if otherwise compelled by law.

Authorized Club personnel may use a still shot or selected portions of recorded data to request law enforcement review for assessing the security risk of a specific individual or for investigating a potential crime on Club property. A copy of this policy will be shared with any Club member, parent/guardian, or staff member upon request.

Emergency Operations Plan Policy

EMERGENCY OPERATIONS PLAN (EOP)

Boys & Girls Clubs shall create and maintain an Emergency Operations Plan (EOP). At minimum, the plan shall encompass the following elements:

- Mitigation, preparedness, response, and recovery for the following types of emergencies:
 - Fire
 - Weather (tornado, flooding, hurricane, etc.)
 - Lockdown (for interior or exterior threat)
 - Bomb threat
 - Suspicious package
- Training/drill schedule and reporting procedures for staff, volunteers, and members.
- Developed and shared with local first responders, such as fire department and law enforcement agencies.

EOP ANNUAL REVIEW

Boys and Girls Club of Central Carolina leadership will maintain a board-led safety committee that regularly focuses on safety and will have oversight and responsibility for the emergency operations plan. The board-led safety committee will be responsible for reviewing and updating the emergency operations plan annually.

FIRST AID AND CPR TRAINING

The Boys and Girls Club of Central Carolina always maintains a minimum of one CPR/first-aid-trained staff on site during all operating hours when members are being served.

KEY DEFINITIONS

Emergency: An emergency is any event, natural or man-made, whether expected or unexpected, that places life or significant Club assets in danger or threatens the ability to conduct normal business operations and usually involves abnormal time constraints and resource responses.

Mitigation: Mitigation is the effort to reduce loss of life and property by lessening the impact of disasters or emergencies. For mitigation to be effective, we need to take action now — before the next emergency occurs — to reduce human and financial consequences later.

Preparedness: Preparedness helps everyone act quickly and decisively in the face of a disaster or emergency and can minimize loss of property and prevent death and injury. An effective emergency plan should include steps to ensure that those with disabilities or special needs are provided with a proper evacuation strategy.

Off-Site Aquatic Safety Policy

Purpose

Although water activities provide immense enjoyment, they come with increased risk. The purpose of this policy is to provide guidelines and standards to assist in risk mitigation. At any time risk is perceived to be elevated above what was expected, Club staff shall take immediate action as appropriate, to include terminating the pool visit, if necessary.

Aquatic Facilities

Boys & Girls Clubs of Central Carolina does not have its own aquatic facilities, but does have access to community pools. Should a club desire to utilize a pool not previously visited, the Organization CEO shall designate a staff member knowledgeable in pool safety to visit the site and to interview the Pool Manager. The staff member shall ascertain from the manager that the pool site has attained federal and state certification, as appropriate. Additionally, the following will be performed:

- Ascertain whether the Club will have exclusive use
- Inspect pool area for proper markings and safety equipment
- Tour restrooms/locker rooms for suitability
- Ascertain what the lifeguard to member ratio will be during club visit

Supervision

BGCCC personnel (employee or volunteer) to youth member ratio shall be 10-2. It is preferred that there be at least one male and one female staff member/volunteer to ensure access to restrooms and locker rooms. Staff are permitted to accompany members in the pool provided the 10-2 ratio is maintained outside the pool to assist lifeguards with the monitoring of club members.

Note: Club staff only, not pool staff, shall be used to calculate the 10-2 ratio.

Member Requirements

- Members entering the fourth grade and above may participate in pool outings. Members Kindergarten through third grade may be taken to *Splash Pad* facilities. Unit Directors may make case-by-case exceptions to age requirements after consulting with the BGCCC CEO.
- Only members with signed permission from a parent/guardian will be permitted to participate in pool visits.
- Members desiring to swim outside of the shallow area must be evaluated for swim capabilities by a certified lifeguard, and those determined to be strong swimmers must be identifiable with a wristband.
- Horseplay and breath-holding games are not allowed.

Weather Considerations

- Club staff must be aware of changing weather conditions and not hesitate to cancel or suspend the pool visit for inclement weather. Staff should suspend activity if deemed appropriate regardless if pool staff disagrees on the necessity.
- Should club staff be advised by any means (pool staff, phone apps, municipal alerts, etc.) that lightning strikes are within 10 miles they should shelter in a building or the bus. Pool reentry is not permitted until 30 minutes have passed since the most recent notification.

Other Considerations

- It is at the discretion of Unit Directors as to whether members change into their swim clothes prior to departing the club and as to remaining in swim clothes until returning to the club..
- Club staff shall develop restroom procedures dependent on the facility's accommodations and communicate bathroom rules to their members. Careful consideration must be given when the Club does not have exclusive use..
- Members should be encouraged to use sun screen and to hydrate.

Pool Water Contamination

Any chemical or biological hazard released in the pool must be considered a serious matter. Biological hazards include, but are not limited to, fecal matter, blood, and vomit. All members must exit the pool until the contamination has been removed.
